BESIDES LIKING THIS TOWN as if it was part of me, I'm out to make progress. So I've got plenty at stake in asking you to come here for a Conoco Mile-Dial, I'll give you absolutely free. YOUR MILE-DIAL can't lie about the

real mileage you get from my Conoco Bronz-z-z gasoline. I bank on the straight true mileage figures you'll register on this Mile-Dial I've got here for you free as air. I'll put it on the dash in half a second. It's quite a sport my customers say, to let the Mile-Dial keep close tabs on their Conoco Bronz-z-z mileage. They like to do it, even when they've always been so satisfied they never bothered before.

THEY CAN NOW COMPARE their city and country mileage on Conoco Bronz-z-z and they can keep checking Bronz-z-z under all conditions, to get their honest average, and no mistakes.

YOU CAN KEEP CHECKING Bronz-z-z on your free Conoco Mile-Dial, till you've got the plainest answer about gasoline mileage. Not just a lot of words I might say, because with your Mile-Dial you get actual mileage figures to see. You've got to admit that the Conoco Mile-Dial gives the consumer the answer that really counts, which is mileage. And what'll be more fun than dialing your Conoco Bronz-z-z mileage on any Fourth of July trip you take? So drive in to my station today, before I might run short, and let me put on your Conoco Mile-Dial-
